It's FREE! The average "Thrifty" family of 4 spends \$450 per month on grocery items (food, soaps, detergents etc.) Using Grocery Smarts, a family of 4 can easily get by on hundreds less and consume all the same products and brands. How does it work? Using the stores weekly ad, grocerySmarts maintains a list with the SALE price of each item. In addition, it lines up all the existing manufacturers coupons **and tells you what your bottom line is for each item.** Most things will be shockingly less than you're used to paying (Some things even work out to be **FREE!**) Knowing your bottom line makes it easy to stock up **BIG TIME**, at the lowest price on things you buy all the time anyway!

If you're already a thrifty shopper: Using grocerySmarts correctly, you **WILL** find an extra couple hundred dollars per month you never knew you had.

If you're not already a thrifty shopper: This is the way to become one and not notice a change in lifestyle.

Why wouldn't everyone use it? The work's already done for you, and it's totally **FREE!**

- At **www.grocerysmarts.com**. Enter **g84cjq** click Submit. Select the list you want, then print it. (At the top of your screen click "File" then "Print..."). **Hint-** to avoid entering your passport each time, add the page to your favorites (At the top of your screen click "Favorites" then "Add to favorites...").
- In the margin, use a pen to **mark how many** of each item you are going to (See graphic, upper right).
- Now, on the same printout, **write down everything else you need for the week** in the "notes" area (See graphic, upper right).

Important: Get multiple Sunday newspapers each week (1 per family member, babies included) just for the coupons so you can stock up on grocery deals! To file your coupons **KEEP THE PACKETS (FOR 5 MONTHS) INTACT, DO NOT CUT THEM OUT ON SUNDAYS:**

File "like packets" together:

All "SmartSource" together All "Redplum" together Do likewise with "p&g" and other packets together

The date the packet was in the Sunday paper (found on spine)

Best Method- A hanging file box!

This will hold 5 months worth of packets

"SmartSource" in pocket #1
 "Redplum" in pocket #2
 "P & G" in pocket #3

Example

Keep your "Shopping Sleeve" (coupons you might forget, and rainchecks) and scissors in the box. Throw packets away after 5 months.

To head out to the store: You leave the packets intact and only cut out coupons for the products you are buying today.

Put all the coupons you have cut out, **and your printout shopping list (marked-up with your own notes) inside a "Shopping Sleeve", and head to the store carrying only this sleeve.** The "stuff you might forget" and other loose coupons should already be in there, so this sleeve is now all you need!

Planning: Use the buttons to print only what you select (The ads don't print either!)

Type any notes here before printing

Make purchase decisions with these numbers

Write your own notes in margin

Circle the location of the coupon as you plan

Don't clip or print coupons until you've made your whole plan

Have a budget! Total up your list as you plan
